

Carl,

As concours chairman for the Porsche Escape event in October, I am now putting together the volunteer list. Details to follow in an upcoming Pylon article. But for now, do you or anyone in the Drei Staaten group want to be involved in the 356 portion of the concours? If so, I would like to talk things over with you.

What I am looking for is someone to manage the 356 portion of the concours. The Pylon article will give more details, but the short version is that there will be 9-10 groups of Porsches in the concours (356, 914, early 911, 993/964, etc). I am looking for someone to manage the 356 section. This means laying out the 356 section based on the # of 356's registered, parking 356's in the 356 section, gripping and grinning with owners, and finally tallying the 356 people choice ballots to determine people's choice 356. If anyone can help out, please call me or email me.

Thanks

John Meyer
