

THIS TOOL MAKES  
LOOSENING and TIGHTENING of the  
**REAR AXLE NUT**  
EASY and SAFE.

The 7 pound, 5/16 inch -8MM- thick, solid steel bar keeps the rear brake assembly from rotating while the AXLE NUT is loosened or tightened. Fits ALL Porsche 356 drum and disc, 912, most Carreras, most V.W. drum and disc and many other model cars.

32 inches long, 2 inches wide, 5/16 inch thick.

\$65.00 each, plus shipping and 6.5% Ohio sales tax if shipped to Ohio address.
