Hi Gruppe!

Please see the link below to a very informative video about having your Porsches properly insured.

With a little tongue in cheek humor they have titled it " Confessions of a Car Insurance Salesman."

This is narrated by PCA National Executive Director Vu Nguyen and he interviews Lee Rock, who is a PCA member from Maryland and also is a very experienced insurance broker.

He very clearly explains the terminology used in the insurance industry and what you need to know to be sure you are properly insured.

During the program people were able to text in questions, and all are very relevant to Porsches and include real life issues that they have experienced.

He also discusses insurance for auto crosses and speed events. Be sure to read the fine print in your policy to see what is covered and what is not!

The entire program is 60 minutes long and I watched it in 20 minute bites, to be able to absorb all the information being presented.

We are extremely fortunate to have Eric and Karen Diehl as members and sponsors of the Drei Staaten Gruppe, and as owners of Diehl Insurance.

They have helped many DSG members with their insurance needs and can help you select the best insurance company to meet your needs.

I have all my Porsches, motorcycles, daily drivers, home, as well as an umbrella policy with Diehl Insurance.

Both my sons Adam and Matthew also have all their policies with Diehl Insurance.

They are very easy to work with, and are really great people as well. They do have all your best interests at heart in all they do.

Please share this info with your Porsche friends!

A link to their website is included below.

Hope to see all of you at our upcoming events.

Spring is right around the corner!
